OUR MISSION & VISION

OUR VISION

Rifuo Project wishes to create a graceful living environment and outstanding business environment for our clients and to become client's most preferred service provider.

OUR MISSION

1. To be the go to construction consultancy when it comes to home and office improvement and renovations offering quality driven services.
2. We promise to deliver sustainable value to each of our client.
3. Offer a work environment that inspires trust and loyalty in people.
4. Engage in continuous efforts to explore new horizons in our business.
5. To be constantly attuned to clients' needs and innovatively deliver the requirements, through continuous research and development.

OUR PHILOSOPHY

We follow a business strategy based upon two simple acts-Quality service and Time management:

Quality Services: The Rifuo Project is committed to providing the best customer care and the highest quality product inspired by integrity. Time Management: it is of paramount importance to ensure that a proper schedule and project plan is established before every project starts, to follow deadline and deliver on time.

OUR SERVICES

Regardless of the size of a project you will receive a very personal service which is highly proactive and attentive in order to keep you well informed and comfortable throughout each phase of the building works. In fact our clients frequently tell us this on-going support and close communication is a major reason why they recommend us to others.

Our approach is incredibly meticulous and thorough. Each stage of construction involves master craftsmen at the top of their profession – from electricians to plumbers with whom we've forged lasting relationships.

Flawless finishes rarely signal the end of our involvement in your project, because our service extends to those all-important final touches you desire at a lower price compared to an ordinary builder.

Whether you are looking for a small extension, conversion, refurbishment or new build home, we're here to help

We offer advise in upgrades and spatial plannings to every enquiry at a price which is a good value for money. We invite you to contact us by phone or , by email
